SOTEGA

1% PU, 73% PVC, 23% BW-Gewebe

Sotega

Hochwertiger skai® Polsterbezugsstoff in Softnappaqualität mit klassischer Ledernarbung. Durch seine naturgetreue Optik und Haptik ist das Material von Echtleder kaum zu unterscheiden.

High quality skai® upholstery fabric with soft nappa finish and a classic leather grain. Due to its natural look and touch one can hardly differentiate between this material and genuine leather.

Un material de tapizado skai® de alta calidad con sensaciones de napa flexible y un grano de cuero clásico. Gracias a su estética y su tacto naturales, este material apenas se distingue del cuero auténtico.
